THE BEAKER'S.

This admits that States may make the right of secession valid, if they have the power to extert the concession of belligerent rights. They are then an independent power, and entitled to all the rights of a nation at war or in peace. Then it follows that Congress had no right to for them; to pass confiscation to give them to him, but what my for a violation of the laws of the United States. Neither the people nor their officers, civil or military, can be tried for my position whenever we got on the process of the States. They have been crushed with the strong hand. The other wrongs of the States. Her untiral friends and laws as discussed and left her to the tender mercies of Northera thandies. He had been the united to add throw them to a dog fourter than and throw our than the will extend that the instant he will and the p nimers, eivil or military, can be tried for phose. Journal.

Treason, for the citizens of one government confit commit treason against another. It follows, moreover, that when the rebellion had attained such magnitude, the war on our part was all wrong. It was not a war to maintain the just an thority of the United States, but a war of conquest upon an independent people.

By this theory, Stevens cuts rid of any stand upon our lips whenever we have spoken remain still to phose. Journal.

That is the first time we ever heard a creature boast that he was so filthy that gentlemen couldn't stand upon in the stands and stinks, glorying that his rottenness gains a whole train to himself.

The bemocrat says that our heart is nour conquest upon an independent people.

By this theory, Stevens cuts rid of any speak. And it is ever in our hand when

The State of Parties in Kentucky.

We regret to see in the columns of the Louisville Conrier evidences of a disposition to break up the alliance now so happily existing between the Conservative and Democratic people of the State. The alleged ground of complaint is that the Conservatives are disposed to exclude the Democrats from office, and hut the union is therefore unprofitable to he latter. We strongly suspect, however, that the real-cause is an over confidence at the strength of that particular wing of the Democrate, and the strength of that particular wing of the Democracy of which the Courier assumes to be the special representative, and a consequent belief that by the independent action of that body the whole pendent action of that body the whole the special consequent belief that by the independent action of that body the whole the special consequence of the special co
